

TECHNICAL INFORMATION - TYPICAL ANALYSIS

PREMIUM TIP DIP

PRODUCT CANTESCO® PREMIUM NOZZLE TIP DIP

APPLICATION CANTESCO® PREMIUM NOZZLE TIP DIP is made from USP grade materials and provides a rich protective barrier which prevents spatter build up on MIG gun nozzles, tips, positioners and fixtures. Dip hot nozzle tips into CANTESCO® PREMIUM NOZZLE TIP DIP or brush on parts as needed.

COMPOSITION It is a stable product not subject to cracking or breaking up associated with lower grade dips. Lower grade materials generally have a high paraffin content resulting in a release of oils from the product. CANTESCO® PREMIUM NOZZLE TIP DIP is non-irritating, non-toxic, non-flammable, odor-less and does not contain hydrocarbon solvents, silicones or chlorinated solvents.

PACKAGING Available in 16 oz (400 gram net fill weight) plastic jars and in a wide mouth metal can (TD-16-M) with an easy to remove lid. This metal can eliminates burn-through that occurs when reaching the bottom of plastic jars with a hot welding nozzle.

ITEM	CODE	SIZE	QUANTITY PER BOX
TD-16	699913-00015	16 oz plastic jar	12 jars per box
TD-16-M	699913-10075	16 oz metal can	12 cans per box

SHELF LIFE Shelf life for this product is five years from date of manufacture. When the container is opened, recommended shelf life is only two years. Lot number is in human readable form (YYYYMM##), with the last two digits being the batch number within a given month.
